

EXP 2019

A collaboration by Resurgence and *SCAPE

“

WE' RE BUILDING A COMMUNITY.

We're here to guide youths through their esports journey and help them pursue their passion in esports.

We're here to develop Singapore into the leading esports learning hub.

”

THE
VISION

WHO ARE WE

RESURGENCE – SG's TOP ESPORTS ORGANISATION

Founded in 2016, **Resurgence is currently the top esports organization in Singapore.** Having professional teams in major gaming titles such as League of Legends, Mobile Legends and Hearthstone, Resurgence has achieved respectable podium finishes across the SEA region.

The organization has developed rapidly in recent months, securing partnerships as well as acquiring streamers and content creators to further bolster its presence in the esports scene.

PHASE

SUMMER CAMPS

SUMMER CAMPS

SOFT SKILLS ENHANCEMENT

Participants will hone various soft skills such as teamwork, leadership, resilience, etc.

Soft skills acquired are transferrable and can be applied to other parts of their lives and not only in esports.

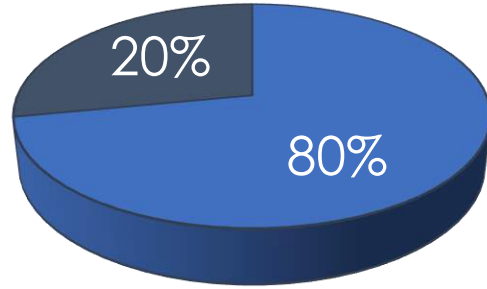

ESPORTS EDUCATION

We believe that esports is not just about gaming. We want to build the right values amongst the youths by impart various knowledge through case studies, team building activities and role plays.

BUILD NETWORK & TRUST

Face to face interactions are crucial in esports. We will build up community by using various esports and outdoor team building activities to foster strong bonds across all youths.

SUMMER CAMP

80% Generic - 20% Specific

The objective of the boot camp will mainly be to enable participants to foster strong friendships through various outdoor and team building activities. Only 20% of the activities will be tailored toward specific esports activities so as to attract both the uninitiated and the aspirants.

KEY DETAILS OF SUMMER

1

The 3D2N camp focuses on experience based learning. Activities such as outdoor challenges & team building games will be incorporated.

2

The Certificate Coach will allow participants to hone their soft skills through the usage of tools such as DISC

3

Foster relationships between youths from different backgrounds through consistent interactions and team building activity.

Outdoor Activities

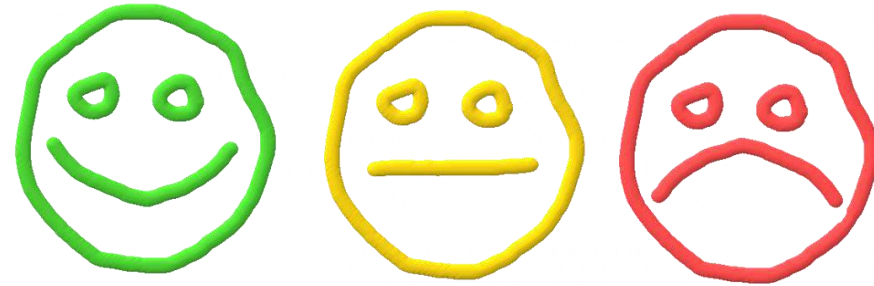

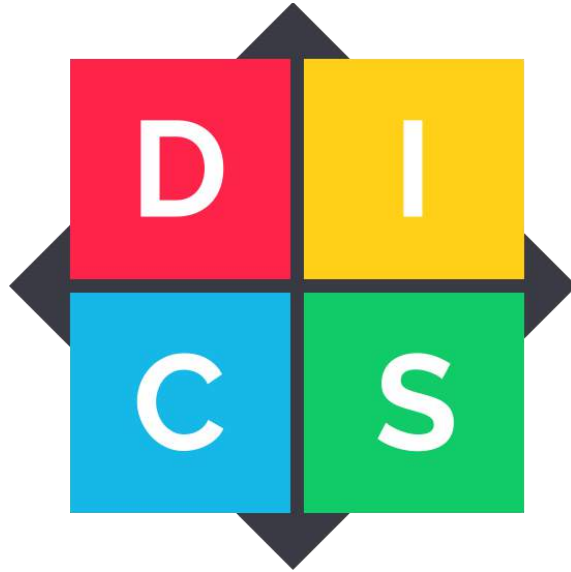

In a sense, esports is just like any traditional sport which requires athletes to thrive in an environment filled with unexpected challenges. By exposing participant to external elements, skill such as leadership team work and tenacity will be tested and through critical problem solving, confident can be built on

Outdoor & Esports Activities

At the heart of esports is the adrenaline rush that competition bring to player. The will to win and to put up a great performance such that the passion is felt by fellow peers. To reinforce the focus that player should have, there will be mini tournament everyday coupled with various esports related activity. Participant will get to experience the hardship required behind the glamorous scene of esports.

Soft Skills

As Important as teamwork is, an individual skill set is equally, if not more important to determine the ideal role they should take on in a team setting. Evaluation matrix such as DISC will help participants understand themselves better. As cliché as it is, the biggest hurdle that anyone has is themselves, and with the programs we have, we aim to empower participants to develop on a personal level through their own cognizance.

PHASE

WORKSHOPS

WORKSHOP OBJECTIVES

GAME COACHING

Esports workshops are key to talent development and we intend to impart both game knowledge as well as soft skills such as teamwork and communication to the players.

COMMUNITY BUILDING

Participants will get a chance to interact with each other forming various esports social group. Game should be play together with right knowledge and values.
